Falmouth 2nd of 6 mo 1831

Esteemed Friend

We have this morning been favored with thy letter of the 31 ult relative to the transmission of three cases Books &c to Rio de Janeiro by Packet - and we beg to recommend thy obtaining leave from the Admiralty to ship them, to guard against the possibility of the Commanders refusing to take them, and to prevent the necessity of their being opened, which might be required in the absence of an order - We are respectfully Thy assured Friends
