PREPARATORY COMMISSION OF THE UNITED NATIONS

Revision of Document PC/EX/ICJ/13.

REGISTRATION OF TREATIES AND INTERNATIONAL AGREEMENTS.

Draft Resolution for consideration of Committee 5.

The Executive Committee of the Preparatory Commission of the United Nations:

1(a) Considering that the preparation of recommendations for procedures which might be followed on the registration and publication of treaties and international agreements requires the working out of technical details; that this work can be done most satisfactorily by the Secretary-General when he is appointed; that this work need not be performed in carrying out the functions of the Preparatory Commission:

(b) Considering, however, that it is the duty of the Preparatory Commission to point out the following problems, which in their opinion will have to be dealt with by the General Assembly of the United Nations:

(i) the provision of facilities for the registration of Treaties and Agreements as from the date of the entry into force of the Charter:

(ii) the taking of any possible steps to avoid any gap between the conclusion of the League of Nations Treaty series and the beginning of the Treaty Series of the United Nations:

(iii) the taking of steps to secure the voluntary registration with the United Nations of treaties by non-members:

(c) Considering that other problems such as (1) the exact interpretation of the words "treaty and international agreement" in Article 102 of the Charter; (2) the detailed regulations for registration; (3) the languages in which the Treaty Series of the United Nations should be published can be left for consideration subsequently by the General Assembly after the Secretary-General has been able to consider and report upon them:

2. Accordingly requests the Executive Secretary to send a circular letter to the Members informing them that, as from the date of the entry into force of the Charter of the United Nations, treaties which the Members send in will be received and filed on a provisional basis until the adoption of the detailed regulations referred to in paragraph 1(a) above:

3. Recommends that the Preparatory Commission should invite the General Assembly to consider:

(a) inviting non-Members voluntarily to send treaties and international agreements for registration with and publication by the Secretariat of the United Nations:

(b) inviting all Governments, whether or not Members of the United Nations, voluntarily to send for publication in the Treaty Series of the United Nations Treaties and International Agreements, concluded before the date of the entry into force of the Charter and not included in the Treaty Series of the League of Nations:

4. And directs that the present Resolution shall be laid before the next meeting of the Preparatory Commission for approval.
