Excellency:

I have the honor to confirm the following telegraphic message which I sent on 27 July 1945:

"I wish to inform you that at the Third Session of the Council convening in London on Seven August certain member governments may propose the addition to the agenda of the question of further contributions to enable UNRRA to complete its work. The question of extending the Administration's mandate in Italy to cover general responsibility for relief and rehabilitation supplies and services may also be added."

Accept, Excellency, the assurances of my highest consideration.
