Manoel de Carvalho Paes d'Andrade Esq.r

Dear Sir

Since I had last this pleasure Captain Jamy Hall arrived safely in the United States and waited on me — On consulting with him we have deemed it inexpedient at this moment to attempt carrying into effect your wishes, but concluded it best to direct Mess.rs Jamy Burn & Co London to place in my hands a part of the Funds mentioned that by the time Capt H. could return from a voyage he was about undertaking in which he intended if possible to visit Pernambuco, no further delay might take place if your views remained at that time the same. — I shall now be much obliged by receiving from you a further communication and the Mess.rs Burn & Co. remit me as directed, whatever may come into hands shall be held subject to your future orders. —

I am still without any communication from Mess.rs Jamy Burn & Co. of London, which I am disappointed in, as you no doubt forwarded them directions to address me on a subject so important to the Interest of all concerned. —

For reasons already mentioned I am not as frank in this as would otherwise be — and am with much respect.

Your most ob.t Serv.t

Wm H Evans
