The Undersigned His Britannic Majesty's
Chargé d'Affaires had the honor on the 12th ultimo
to address a note to His Excellency Señor Jeo Carneiro
de Campos, Minister and Secretary of State for
Foreign Affairs, in which he enumerated against
the unreasonable objections that had been started
by the Commissioners appointed by the Brazilian
Government for the adjudication of the long pending
claims of His Majesty's Subjects, and which
objections have, up to the present date, caused a
suspension of the proceedings of the mixed
Commission.

In this representation the Undersigned
has not as yet however been favoured with an
answer.

The tenor of the Instructions
received by the Undersigned from His Majesty's
Government, and to which he is enjoined
strictly to adhere in the event of unnecessary
delay

and

His Excellency
Señor Jeo C. de Campos
&c &c &c

an unjustifiable delay taking place in coming to a definitive settlement of these claims, already so extraordinarily protracted, renders it the duty of the Undersigned to urge His Excellency to take measures that the proceedings of the mixed Commission may be forthwith renewed, whilst he has again most earnestly to impress upon His Excellency the necessity of putting an end, promptly and effectually, to the vexatious system of unreasonable procrastination hitherto pursued by the Brazilian Commissioners, and of which the Undersigned has had so often

often had occasion to complain. —

The Undersigned has the honor to renew upon this occasion, to His Excellency, the assurances of his high sixteen and consideration. —
