Recd. a 18th Mr. 1831.

City of Washington 17th March 1831

Sir

I possess a complete set of the "Corps Universel Diplomatique du Droit des Gens" by Barbeyrac & others, in 19 vols folio, embracing Treaties from the times of the ~~Amphyctions~~ Amphictyons. 1496 before Christ to the age of Charlemagne. & thence to 1738, making a period of upwards of 3,000 years. Thinking it probable the Emperor of Brazil may desire, on account of its usefulness in matters of international law, to furnish his library with such a work, may I beg the favor of you, at a convenient opportunity, to mention the fact to your Government. The price is $250 for the entire collection.

With all respect & esteem,

I am yr obt humble servant

Excellency
De Araujo Ribeiro.
