Contribuição do Brasil.

934.(00) L

Senhor Ministro,

O Diretor Geral da Administração de Rehabilitação e Assistência das Naçoes Unidas, Hon. Herbert H. Lehman, enviou a esta Embaixada a nota em anexo, pela qual solicita o pagamento da importância de $112.500, referente à contribuiçao do Brasil para despesas administrativas, em 1945, de acôrdo com o resolvido na 2a. Seçao do Conselho da mesma Administraçao, realizada em Setembro do ano passado em Montreal.

2. O total estipulado para o aludido orçamento foi de $11.500.000, sendo $4.000.000 fornecidos pelo saldo vindo do exercício de 1944 e os restantes $7.500.000 rateados entre os paises membros pela forma estabelecida, cabendo ao Brasil 1.5 por cento ou $112.500. Esta importância deverá ser transferida para a conta conduzida pela UNRRA no "Federal Reserve Bank of New York".

Aproveito a oportunidade para renovar a Vossa Excelência os protestos da minha respeitosa consideraçao.

Edgard de Mello

Delegado do Brasil

A Sua Excelência o Senhor José Roberto de Macedo Soares
Encarregado do Expediente do Ministério das Relaçoes Exteriores.

ARANU/5/148/1945/Anexo.

UNITED NATIONS
RELIEF AND REHABILITATION ADMINISTRATION
WASHINGTON

22 February 1945

Excellency:

I have the honor to refer to arrangements under the provisions of Article VI of the Agreement of 9 November 1943, to which your Government is signatory, relating to the necessary administrative expenses of the United Nations Relief and Rehabilitation Administration.

The Council of the Administration at its Second Session, held in Montreal in September 1944, adopted Resolution No. 43, approving a budget of $11,500,000 to cover the necessary administrative expenses of the Administration for the calendar year 1945. The Resolution specified that $4,000,000 of this total amount shall be provided out of funds authorized for administrative expenses for the period ending 31 December 1944 and not used during that period, and that the balance of $7,500,000 shall be paid by the member governments according to allocations determined by the Council in the same Resolution.

The share of the total amount of $7,500,000 allocated to your Government as its administrative contribution for 1945 is 1.50 per cent amounting to $112,500.

His Excellency
The Minister of Foreign Affairs of
Brazil

I am inviting member governments to contribute their allocated shares of the 1945 administrative expenses as promptly as possible, and I hope that your Government will find it feasible to place its share of the contribution to the credit of the Administration at an early date. These funds should be transferred to the Federal Reserve Bank of New York for credit of Account Number 2 of the United Nations Relief and Rehabilitation Administration.

I understand, of course, that your Government's administrative contribution for the current year is covered by its general contribution of six hundred million cruzeiros and that the only action now required by your Government is to transfer to New York the amount in dollars covering its administrative contribution for 1945. This would be the same procedure followed by your Government with respect to the transfer of the amount in dollars covering its administrative contribution for the preceding period ending 31 December 1944.

Should your Government find that it is not feasible to place the full amount of this contribution to the credit of the Administration at an early date, I shall be grateful if you will inform me regarding the circumstances and if you will give me some indication as to when the contribution can be expected.

Accept, Excellency, the assurances of my most distinguished consideration.

Herbert H. Lehman

Director General
