New York March 10th 1831

Mr Rebens

Captain Tyler

Dear Sir,

Some time having elapsed since yours of the 18th July was received and duly answered; I am apprehensive that my last may not have reached you —

Consequently I address you again, upon the subject of my passage to Rio, for fear that I may not have sufficient notice of the sailing of the Ship of War, that is to be dispatched to that Station. I hope Sir, that you will excuse the trouble that I am causing you upon this subject, but you must believe me, that your uniform gentlemanly conduct to me, since my arrival in the United States, is most fully appreciated. may I hope to hear from you as soon as possible, upon the above subject, and allow me to say that if you should have any commands to honor me with to Rio, that I should feel gratified to attend to them

I contemplate passing some days in Philadelphia. When I hope to hear from you, some indispensable business has detained much longer in New York than I contemplated, otherwise I should have been in Washington some days since I hope ere. That you have had continued good health, and that Mrs Paine & self. Believe me with the highest consideration, your most
