Philad. 24 Sep 1831

Sir

After I left my office to go to Dinner I was informed by a Stranger that the Ship Mulabar Capt Jolly was to sail tomorrow for Rio de Janeiro — when I return I sent to his Consignees for his papers & he refused to have my Certificates attached. I give notice of this that you may give immediate information from hence by different opportunities, that he may be punished for his refusal to submit to the regulations of your Government — Unless supported Your Vice Consuls cannot do their duty

I remain respectfully
Your ob. Serv
