British Consulate,
Lima, May 12th 1830,
6 o'clock, P.M.

Sir,

Not having received a reply to the urgent application which I had the honor to address to you at mid-day on the 10th instant, relative to British Property appropriated by this Government, it is with extreme regret that I have now the honor to inform you that having conferred with the Senior Officer of His Britannic Majesty's Ships on this Part of the Coast, it has appeared to him, as well as to my Colleague, Mr. Kelly, and to myself, to be our imperative duty to adopt measures for the security of British interests, and that such measures have been adopted accordingly.

I have the honor to be, with distinguished consideration and respect,

Sir,

Your very obedient
humble Servant,
(Signed) Thos. S. Willimott
