The undersigned Chargé d'affaires
of the United States has the honor to ac-
knowledge the receipt of the Note of his Excel.ᵗʰ
the Marquess of Aracaty, Councillor, Minister
& Secretary of State for Foreign Affairs, dated
the 19ᵗʰ inst. relative to the precautions deemed
requisite on account of the plague having ap-
peared at Bucharest: and his wish that the
commander of the American squadron would
give orders that no boats from his ships should
board any vessel until after they have received
the visit of the health boat, shall be communicated
to all ships of war of the United States, as soon as
they arrive, and will be duly attended to; but at
the present moment, there is no American
Ships of war in the Bay.

The undersigned takes this oppor-
tunity to inform his Exc.ʸ that a vessel
is destined to sail for the United States on
Sunday next, and to request that the Com-
missioners may be directed to settle the
questions before them the present week.

that he may have the satisfaction of communicating this step to his government. To convince [His Exc] of the importance of this measure he would mention that the information will arrive just at the time that the President his annual message to Congress, which contains an exposition of the affairs of the nation, and as it is now upwards of three weeks since he communicated to his government the appointment of the commission, they will naturally expect to hear the result, and if the President is able to state to Congress, that the assurances of the Government of Brazil have been fulfilled, it will justify the amicable course taken by him, and to paralyse the clamorous & incessant efforts of those persons who are constantly striving to irritate the nation by blaroning the wrongs that some of the citizens of the United States have received, and which they represent the Government of Brazil as being insincere in offering to repair. The sincere & friendly conduct pursued by the Government certainly claims from the Government of Brazil a speedy termination of the few points remaining unsettled, and the

undersigned therefore hopes that his Exc[y]
will give directions to the Commissioners
to expedite the business before them, in res-
pect to which not even a doubt has been sug-
gested.

The undersigned renews to his
Exc[y] the Marquess of Aracaty the assu-
rances of his very high consideration
and respect.
