Memorandum

Third Session of the Council
London, England
24 July 1945

In accordance with the Agreement and the Rules of Procedure, the first meeting of the Third Session of the Council will take place on 24 July 1945, in London, England.

This session is being planned as a relatively brief but important business session. Reports and recommendations of the Director General and of the Committees of the Council will be submitted to the Council for consideration. Council Members will have the opportunity to report new developments in their respective countries and to discuss UNRRA policies and operations.

Arrangements for the session are being made in the expectation that the work of the session will be completed within ten days, and that the attendance will be considerably smaller than at previous sessions. The Agreement provides that each member government will bear the expenses of its own delegation.

The provisional agenda and more detailed information concerning the arrangements for the session will be communicated to member governments in the near future.

Owing to war conditions, H.M. Government in the United Kingdom will be unable to arrange for living accommodations as was done by the host governments at the previous Council sessions. It has informed the Administration that it hopes the member governments will do all they can to keep the size of their delegations as closely as possible within the number of persons for whom the member governments themselves can find accommodations in London. It is hoped, therefore, that the delegates, other than Council Members, can be drawn for the most part from diplomatic and technical staff already stationed in London. The Administration respectfully requests the member governments to make their own transportation arrangements, including the necessary customs and immigration clearance.

The Administration will make every effort to assist the member governments in any way possible to facilitate the attendance of their delegates at the session.

The responsibility for making all administrative arrangements for the session has been delegated to the European Regional Office of UNRRA, located in London. All communications concerning the attendance of delegates, and inquiries concerning conference facilities, should be addressed to:

Mr. George S. Mooney
Executive Secretary
UNRRA
11 Portland Place
London W-1, England

Member governments are requested to advise Mr. Mooney as soon as possible concerning the size of their delegations.

The Secretariat of UNRRA in Washington will be responsible for the organization of the work of the session in accordance with the Rules of Procedure. All communications concerning the provisional agenda and the organization of the meetings of the Council and its committees should be addressed to:

Dr. P. W. Kuo
Deputy Director General in Charge
of the Secretariat
