Rio de Janeiro April 15 - 1826 -

Rec.d 17th Sept.r

The Undersigned Plenipotentiary of
His Britannic Majesty having already
pointed out the mischief to be appre=
hended from the irregular publication
of the treaties with his Court, before
they had received the sanction of both
Sovereigns, His Excellency the
Viscount of Inhambupe will be.

in some measure, prepared for
the expression of the surprise and
regret, to which this proceeding, on
the part of the Brazilian Cabinet,
has given rise —

The assertion of the Baron of
Itabaiana, that the publication
had been the act of an Individual
rather than of his Government
after the communications, which
had taken place upon the
subject, has not, in any degree

diminished this surprise, since

His Excellency must well know

that such a disclosure, on a

paper conducted by persons

employed by the Foreign department,

could not have been made without

the knowledge and participation

of his Government —.

The Undersigned has, accordingly,

received orders to intimate to His

Excellency the Viscount of Inhambupe

the desire of his Court to prevent

the recurrence of this inconvenience

by removing the theatre of the

negociation to London, where

the King's Ministers will be

ready to treat with the persons, to

whom His Imperial Majesty may

be pleased to confide Powers for

that purpose —.

The Undersigned avails

himself of this opportunity to

renew to Ll. the Viscount of

Strangford the assurance of his

highest consideration
